

Title: Green Campus

The objective:

Green campus are becoming integral part of the modern day education system and the Institutions can act as pioneers in promoting their principles within the society. Our college has initiated the Green Campus programme in order to support a sustainable and friendly environment.

The main objective for there initiative were environmental awareness and education. The use of sustainable energy and energy efficient measures comprehensive recycling and composting and Green landscaping in the campus.

The Main Objective of Green Campus

1. Preventing the environmental pollution through establishing efficient waste and recycling system.
2. To make our campus smoke free and partially plastic free campus.
3. The institutional planning and budgeting processes with the aim of developing a clean and green campus.

Practice:

1. Our college has promoted variety of activities to help protect the environment and sustain its natural resources.
2. The solid waste generated from the college canteen are used in Vermicomposting pits to generate compost which is used in college gardening purpose.
3. The liquid waste are collected and recycled.

Evidence of success:

The waste disposal management initiatives taken by our college is yielding good results the solar energy generated by the installed solar panels directly go to the grid and in long run can play important role as renewable energy sources. Installing solar panels in college saves from the monthly electricity bill this as developed a sense of responsibility in student and they get better understanding of their role as advocates of environmental conservationists.

Problems encountered and resources required:

The main problem encountered in the green campus initiative is development and maintenance of proper infrastructure for the green practices. The green campus program should be considered as a awareness program should be considered as a necessity in the every institution and separate funds should be allotted for this. Implementation of the green practices needs series of awareness programs to educate more people and train them for it .Going green not only needs investment in terms of money but also a strong will from all beneficiaries.

Best Practice-II

Title of the Practice

GENDER SENSITIZATION

Gender Sensitization is a basic requirement to understand the sensitive needs of a particular gender. It helps us to examine our personal attitudes and beliefs and question the 'realities' that we thought we know Why gender equality is important to economic development? Sustainable development relies on ending discrimination toward women and providing equal opportunities for education and employment. Gender equality has been conclusively shown to stimulate economic growth, which is crucial for developing countries. Gender sensitization presides over gender sensitivity, the modification of behavior by raising awareness of gender equality concerns. This can be achieved by conducting various sensitization campaigns, training centers, workshop, programs etc. In our college the Gender Audit tries to access the impact of its current and proposed policies on gender equality and gender sensitization. Observing the gender equality, the girls are provided with various facilities and special attentions. The objective is not only the equality and empowerment of male and female but transgender also. It also aims to provide a harmonious and fertile environment for all students to excel physically, mentally, intellectually and emotionally upholding ethics and values. It is necessary to change their perspective about gender and create safe and secure environment where all three genders coexist harmoniously

2.Goal

Gender mainstreaming wants to contribute towards a gender sensitive society where agreement between individuals, united around common goal, opportunities and responsibilities are shared by women and men in equal measure.

3. Objectives

- To establish good gender balance in decision-making processes in all areas of the college activities.
- To suggest measures for bridging the gender gap.
- To implement the human values regarding the third gender.
- To inculcate the awareness among the students about the equality of the gender

4. The Practice

Special study room, Reading Rooms, Ladies Room, Washroom Facility, Sanitary Napkin Vending Machine are provided for the girls. They are also given self-defense trainings like Judo Karate, etc. Our college has Anti- Ragging and Discipline Committee, Prevention of sexual Harassment Cell. The girl students are provided opportunities to express themselves under Women Empowerment Cell, and conduct the activities like Rangoli competition, food preparation without fire competition, Girls NCC, Beti Bachav, Self Defense and Yoga.

Meditation Camps are also organized for students. The lectures of eminent personalities are held on various topics to develop their personalities. Various gender sensitization programmes are organized by different committees in the college to bring out the overall development of girls and boys and thereby to mould a better society with equality. It is observed that now a day's third gender issue is very sensitive. They are fighting for their identity as a person in society. Society has neglected this race and considered them as an abuse. Focusing on this issue our college has taken a step to aware our students about the gender equality among the society.

5.Evidence of Success

Gender sensitizing programme brought the change in behavior and instilling understanding the thoughts and the views that we hold about our own and the other genders." It helps people in "examining their personal attitudes and beliefs and questioning the 'realities' they thought they know.

Programmes conducted for gender equality

6. Problems Encountered and Resources Required:

With the cooperation of students, Government and Non government organizations, never we have encountered any problems. The Chairman Woman Empowerment cell is in contact with these organizations.
