V. V. Salimath Sc. College,  
SINDGI-586128. Dist: Vijayapur

## PROBLEMS TO BE FACED BY DISPOSAL OF PLASTICS

Broad public awareness can help to change the way that plastic is viewed, used and managed as waste. Education and engagement can be part of a city's strategic action plan, and can include consumer awareness campaigns, business awareness campaigns, documentary films, school initiatives and cleanup activities, among others.

The aim is to increase public understanding and shape community perceptions on the dangers of plastic pollution and available solutions, thereby empowering more people and organizations to take action. Community actions can include changes in individual attitudes and purchasing habits, increased sorting and recycling behavior, responsible business processes and practices, among others.

  
HOD  
Dept. of Z...

  
Co-ordinator IOAC

  
Principal,  
P. Banval Arts, Comm. B.

## EFFECTS OF BURNING OF PLASTICS

- We conveyed them that not dispose the plastics in public place
- We conveyed them that the disposal of plastics leads to the release of harmful radiations
- By disposal and burning of plastics harmful gases CO , ethylene dichloride and phenyl chloride.
- Even the fertility of soil decreases by dispolsal and burning of plastics
